Endoscopic Endonasal Approaches to the Sella: Hands-On Course for Neurosurgeons

Cremona, 17/18 June 2022

Venue - Sede corso: Palazzo Trecchi - Cremona

Course Directors:

Dr. A. Fioravanti (Neurosurgery)
Dr. L. Pianta (Otorhinolaryngology)

Scientific Secretariat:

Dr. C.A. Donofrio (Neurosurgery)
Dr. G. Bertazzoni (Otorhinolaryngology)

FACULTY

Dr. G. Bertazzoni
Dr. C.A. Donofrio
Dr. M. Faustini-Fustini
Dr. A. Fioravanti
Dr. M. Garofano
Dr. M. Giorgi-Pierfranceschi
Dr. G.B. Lasio
Prof. D. Locatelli
Dr.ssa L. Maninetti
Dr. F. Negrini
Dr. L. Pianta
Prof. F. Roncaroli
Prof. F. Servadei
Prof. D. Solari

FOCUS ON

17-18 June 2022:
Endoscopic Endonasal Approaches to the Sella: Hands-On Course for Neurosurgeons

Friday 17 June 2022

14:00	Registration	
14:15	Welcome	<i>Dr. G. Rossi - Direttore Generale ASST Cremona</i> <i>Dr. R. Canino - Direttore Sanitario ASST Cremona</i>
14:20-14:30		Course introduction and faculty presentation <i>Dr. A. Fioravanti - Cremona</i> <i>Dr. L. Pianta - Cremona</i> <i>Prof. F. Servadei - Milan, Humanitas</i>
14:30-15:15		Pituitary pathologies: the neuropathologist point of view <i>Prof. F. Roncaroli - Manchester</i>
15:15-15:45		Pituitary pathologies: the endocrinologist point of view <i>Dr. M. Faustini-Fustini - Bologna</i>
15:45-16:00		Nasal anatomy for neurosurgeons <i>Dr. G. Bertazzoni - Cremona</i>
16:00-16:15		Transsphenoidal approaches to the sella: surgical techniques <i>Dr. C.A. Donofrio - Cremona</i>
16:15-16:45		Transsphenoidal approaches to the sella <i>Dr. G. Lasio - Milan Humanitas</i>
16:45-17:15		Trans-tuberculum, trans-planum and trans-clival extended approaches <i>Prof. D. Locatelli - Varese</i>
17:15-17:45		Reconstruction in endoscopic endonasal approaches to the sella: surgical techniques and indications <i>Prof. D. Solari - Naples</i>
18:00 - 18:45		Clinical case: Round table <i>Dr. A. Fioravanti, Dr. M. Faustini-Fustini, Dr. M. Garofano, Dr. F. Negrini, Dr. M. Giorgi Pierfranceschi, Dr.ssa L. Maninetti, Prof. F. Roncaroli</i>
18:45-19:00		Final remarks <i>Dr. A. Fioravanti, Dr. M. Faustini-Fustini, Dr. G.B. Lasio, Prof. D. Locatelli, Prof. D. Solari</i>

Saturday 18 June 2022

08:45-09:00

Dressing up for the laboratory

09:00-09:15

Introduction and practical indications for lab dissection
Dr. C.A. Donofrio - Cremona
Dr. G. Bertazzoni - Cremona

09:15-12:30

Step by step wet dissection (Part 1)

09:15-09:45

Endoscopic nasal anatomy: landmarks, tips and tricks
Dr. L. Pianta - Cremona
Dr. G. Bertazzoni - Cremona

09:45-10:45

Nasoseptal flap harvesting
Dr. L. Pianta - Cremona
Dr. G. Bertazzoni - Cremona
Dr. C.A. Donofrio - Cremona

11:00-12:30

Trans-septal and trans-rostral approaches
Dr. G. Bertazzoni - Cremona
Dr. C.A. Donofrio - Cremona

12:30

Lunch

13:45-16:30

Step by step wet dissection (Part 2)

13:45-14:45

Opening of the sella and pituitary fossa anatomy exploration
Prof. D. Solari - Naples

14:45-16:00

Trans-tuberculum and trans-planum extended approaches
Prof. D. Solari - Naples

16:00-16:30

Sellar reconstruction
Dr. L. Pianta - Cremona
Dr. G. Bertazzoni - Cremona

16:45-17:00

Final remarks and discussion

17:00-17:30

ECM questionnaire
